Issue 7 | Volume 2 | January 2020

1000

is just a
beginning

HAPPY 2020!

Congratulations to all of you on crossing Rs 1000 Crore Loan Book. Your commitment and passion forms the cornerstone of Veritas' success.

Coming at a time when the financial services industry is facing headwinds, it makes the achievement more significant.

The year that went by has been very challenging for the economy as a whole and the financial sector in particular. While several initiatives and interventions to support the sector have helped ease the pressure, the problems are far from over. At Veritas, our prudent policies and practices have helped us to remain insulated from the crisis that hit the sector.

The year 2020 may well continue to be a challenging one and test the resilience of the organizations. Liquidity constraints and slowdown in the economy, if they continue to persist, may have an impact on our segment as well.

Therefore my message to all of you in the new year would be to stay focused on cost, efficiency and quality. Do more with less. Look for innovative ways to reduce cost in every area of the operation. Improve efficiency and productivity significantly to combat the slow down. Have a keen eye for portfolio quality and avoid proposals which may not be able withstand economic vicissitudes. And inject lot more energy into the work.

Tough times always bring out the best in Tough people!!

Wishing you all a joyful 2020!!

VERITAS ON TOP OF 1000 CRORE...

Veritas celebrated its 1000 Crore loan book, a remarkable milestone cherished in a grand manner. We had a week long celebrations with dangles and cake cutting across all branches. The celebration started at Head Office Chennai. A gala event was initiated by the EC members with a cake cutting followed by a grand evening get together at Hotel Le Royal Meridian, Chennai on 14 Oct 2019. The date was more significant because we were four year old that day.

The big evening was well set to be super special by the duo Emcees, the major reasons for the happening of the success event of 1000, Mr.K.P.Venkatesh, President & Chief Business Officer - the Man who championed from 463 Cr and Mr.Sheik Abdulla, Sr Vice President Marketing - the Man who started the first disbursement. Reasons briefing other Reasons.

The event was an honourable adoration for our fond EC members, our Managing Director Mr.D.Arulmany (the DNA Man of Veritas), our Chief Operating Officer Mr.Prakash Rayen (the Technology Man of Veritas) and our Chief Finance Officer, Mr.Suchindran (the Capital Man of Veritas). Words of affection and wisdom from these leaders made the stage emotional, inspiring, rewarding and elevating.

Our special invitee Mrs.Vidya Arulmany, made a graceful presence in the event in acceptance to our love and affection as a return gift to whatever she has contributed these many days by being behind the scenes. Our guests of honour, our affectionate Directors, Mr.Venky Natrajan and Ms.Priyamvada Ramkumar, their presence and their nostalgic journey with Veritas made the event more purposeful.

The event was a felicitation to the employees who were early joiners of Veritas, when Veritas was just forming its shape, as in a clean slate. The moments were filled with pride and joy; to be part of such an organization, which recognizes every small act of its employees in a big way.

Targets become easier to execute, changes become easier to implement and problems become easier to solve with employees of superlative excellence. We are happy to present the first set of entrants to the MD's club of excellence. They are admired by their juniors, respected by their peers and trusted by their bosses.

Best work every single day has made them top of the list.

The criteria was announced in the April 2019, where the employee must fulfill performance standards, transparency in all their acts, passion, commitment, accountability and excellence in execution to become a part of the club.

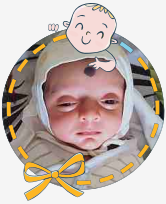

We are awestruck to find 91 Sales Managers and 24 Branch Managers who broke boundaries and achieved a compelling entry to the club.

Thank you achievers, for being a great role model for everyone around you. We look forward to your continued involvement, performance and being a "Forever Member" of the MD's Club of Excellence.

We make hundreds of big and small decisions every day. Many of these decisions are opportunities that can change our life, yet many of us do not know how to assess a decision to yield a good outcome. More than just a choice in the moment, good decision-making takes discipline.

Good decisions are arrived only when we are in the right frame of mind involving the following steps as process:

1. Analysis of the decision taken, its Pros and Cons
2. Narrowing down on our choices/options towards acting on our decisions
3. Evaluating the significance, of what an impact will the decision have on my life and on others who are part of this process
4. Setting a deadline for review of progress of the set decision
5. Research - Getting a thorough in-depth knowledge about our choice of action, the journey and our decision thru self learning or gaining confidence and reassurance that we are making the right decision from well wishers, experts.
6. Keeping goals solid and reverent, continuing to make choices purposefully around them to make our decision right.

Making a decision when we are not in the right frame of mind leads to bad consequences. We should never make decisions when in a hurry, prideful, angry, lonely, rejected, inebriated or tired mind.

Once after decision, giving up on the decision and getting back to origin is not a sign of weakness from others point of view alone unfortunately it makes us weak from within throwing us in self doubts and low self esteem.

Confidently, if we own our decisions we get what we choose. Good things come to those who decides, mindfully.

CUSTOMER IS THE KING

Rajesh Mahto is an honorable customer of Our Ranchi Branch. He is a first time entrepreneur hailing from an agricultural family. He is married and blessed with one child. He has a Welding Shop and a Building material supply shop now.

Eight years ago, when he started the welding shop he had only one staff. Slowly he grew his business with his own savings. He started the Building construction material supply shop 4 years ago with a small capital from his savings. To manage and sustain both the businesses, he was in need of capital. He approached many financial institutions, banks and applied for loan. His loan applications got rejected everywhere and left him frustrated.

He came to know Veritas through our branch marketing activity. He approached our Sales Manager Mr. Anoop Tiwari. Anoop went and visited his business place for assessment. Rajesh gave the documents without much belief. But Veritas credit assessment techniques gave relief to Mr. Rajesh. He got a loan sanctioned from us for Rs.7 Lacs. He invested the money in business and improved his stocks. He has employed five more to his team totalling to six employees now.

He is a happy customer of Veritas, he has become a spokesperson for us that he has referred more than seven customers for us in this short period. When he was approached by our Sales Manager

Kudos to our team Ranchi for the great start !!

LASTING MEMORY - THE FIRST AASHIRWAAD!

Aruna.v

Assistant Company Secretary- HO

Amidst the busy corporate world where people don't get the time to talk with one another, Veritas Finance arranged an exclusive celebration for my first pay cheque with my family and my superiors. A totally unexpected and a truly unforgettable moment of my life where Suchindren Sir (CFO), Madhavi mam (CS and Compliance Officer), Kumaresh Sivam Sir (VP- HR) and Sudhakar Sir (Sr Manager - Admin) took time in their busy schedule to give my first salary and celebrate along with us. Veritas Finance took one step ahead in making their employees happy and I am extremely privileged and grateful to have kick-started my career with Veritas Finance.

My mother was tremendously happy to be there and participate when I got my first pay cheque. She was also very delighted at the hospitality of the Company and by the down-to-earth nature of our team, who made sure she was at ease and explained her about the company. The entire day she was telling all our relatives about the celebrations and how she was extremely fortunate to have her daughter in Veritas Finance.

Christmas Santa's Visit

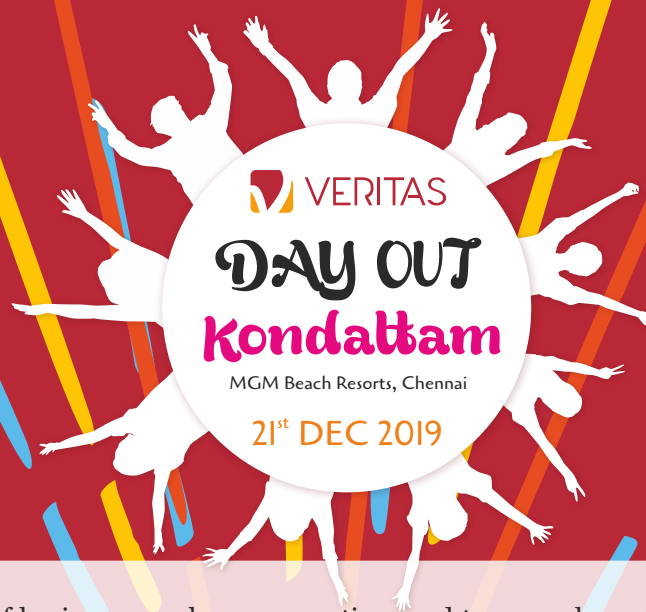

*The Christmas cheers was spread by
the Santa walk at Head Office.
Every employee shared their wish list with Santa and
the positive vibes were felt in the air by the Christmas music.*

*Dashing through the snow in a one horse open sleigh
Over the fields we go, laughing all the way
Bells on bobtails ring, making spirits bright
What fun it is to ride and sing on a sleighing song tonight*

Jingle bells, jingle bells, jingle all the way.....

*This was received as the most
joyous way to end an year and start the new year*

Thanks to Vijayan of our Admin team for the Santa Effect!!

Amidst the busy schedule of business, employee connections and team work are the very important traits to be polished to keep bright.

The Head office employees occupied with their computers, generating data, customer calling, auditing, enhancing process flows, controlling finances, engaging branches from the center often misses the work place fun and team connects. To boost the morale of the Head Office team, a day away from Office, full of fun was organized by our admin team to help employees feel good about themselves, each other and the work they do.

To make it refreshing, MGM Beach Resort, Chennai was exclusively booked, the right destination that takes us close to the nature, by the beach view.

This Day-Out increased the degree of our relationship, all were happy in the sunshine and fresh air with the games, dance, music and events of that day.

Branch Managers The roots

The green leaves, the number of flowers, the fruits - are the parts we see, that adds beauty to our garden. The lush leaves and beautiful blooms all come up from the roots. The health and long term performance of a plant - is all about the roots. Roots provide the anchor needed to keep a plant in place. More importantly, roots are the lifeline of a plant, taking up air, nutrition - that is the magic of how plants grow and survive. For Veritas, the Branch Managers forms the roots.

Dear Branch Managers, you have a clear and vital role of making Veritas a happy work place and to achieve the organizational goals assigned to your branches through your team. You form the most crucial link between the management and the employees. You are dependable to ensure that the decisions made at the Head Office are implemented throughout the system, connecting the dots from board room to front line. Because you have direct contact with the team, you have a stronger, more immediate impact on their performance, development and productivity. You are the major determinant of individual, organizational performance, employee motivation, engagement and retention.

We trust you to understand your team, to listen, delegate decisions and focus on skills, development and team chemistry. You set the tone for Veritas as a workplace. You are mini entrepreneurs and are believed to monitor performance directly, administer discipline as needed, responsible for the quantity and quality our business. You are the brand builders who interact with customers to resolve complaints, in charge of customer satisfaction.

Branch Management requires putting the teams' needs ahead of your own and spending most of your time leading others towards the organization's goal.

Have all information you may need for your branch's performance. Strengthen your accountability, build strong working relationships. Get guidance, developmental advice from Area Managers and AVPs. Talk informally with each of your team member everyday to get to know them as people and to offer informal feedback and appreciation for their work. Schedule regular meetings to share information, build friendship and encourage collaboration.
